

Group Member Covenant

To be read together out loud by the group at their first meeting. Give a copy to each group member.

Small Group Guidelines

1. We desire to become mature, balanced disciples of Christ, growing in our relationship with God and others and effectively using our Spiritual Gifts and talents in ministries of love.
2. We are committed to giving the group high priority, sensing that God is willing and able to do something special for our church and for us personally.
3. We will set aside quality time to study each week's lesson in an unhurried manner and reflect on its meaning. We desire to minister to the other group members through our presence by regularly attending the weekly meeting and being on time.
4. We welcome the group's support and guidance in our attempt to understand God's vision for the church and our own life.
5. We commit ourselves to respect the views of other group members and maintain strict confidentiality regarding any personal information that is shared.

Our Covenant

After reading the Small Group Guidelines, we accept the opportunity and challenge of being a responsible group member. By God's grace we will order our priorities in such a way that we can each do our part in helping the group grow in its understanding of God's will and purpose. By word and example, we will endeavor to encourage group members in our mutual search for greater fulfillment and joy.
